VACANCY FOR: Quality Control – Final Test Technician

PRIMARY RESPONSIBILITY: to test and calibrate the Company's products to specification and procedure.

DETAIL:

- Testing and calibration of products to company standards.
- Inspection of RDS & OEM products to relevant quality standards.

QUALIFICATIONS & SKILLS REQUIRED

- A Qualification in electronics would be advantageous but not essential. Suitable equivalent experience in a Quality Control environment would be an alternative.
- Able to communicate well with other team members.
- Able to use measuring equipment
- Able to read engineering drawings.
- PC literate with a working knowledge of MS Office.
- To be flexible and adaptable to meet changing needs.

TERMS:

- Hours 08:30 to 17:00 Monday to Thursday. Friday finishes 14:30. ½ hr lunch every day
- 20 days per annum holiday + statutory holidays + extra for longer service
- Contributory Pension Scheme
- Non-Contributory Permanent Health Insurance Scheme
- Pleasant working conditions within modern clean offices/ factory.
- Further training available
- Remuneration is within a scale based on experience and qualifications
- RDS is an equal opportunities Employer

If you think this is for you, please apply in writing (or email) to:
